

On-site Vaccination Program Announcement

J&J is now activating an on-site vaccination program for all employees, contractors, suppliers, families and retirees with the Janssen COVID-19 vaccine.

The Janssen COVID-19 vaccine will be offered at J&J facilities across the U.S. that have a Global Health Services (GHS) clinic already on-site. A similar effort in Puerto Rico is pending.

Click Here

to find a J&J site near you and to schedule an appointment now!

Bring your ID to your vaccine appointment.

You have resources to learn more. In advance of your appointment, we encourage you to educate yourself about COVID-19 vaccines and make the best choice for you as we all live into our responsibility to keep one another safe and healthy. Visit the www.covidvaccinefacts.org for education videos, FAQs and more.

We believe that widespread vaccination will help us get back TOGETHER sooner.

On behalf of the J&J Workforce Vaccine Taskforce

Note: This allocation is designated for U.S. citizens or those living in the U.S. We are continuing to work with governments around the world to facilitate access for our J&J workforce, families and retirees. Timing will vary and we may not be able to vaccinate everyone through this program. Don't wait. We continue to encourage all individuals to get vaccinated with any authorized/ approved COVID-19 vaccine if/ when available in your area.
