

Johnson & Johnson is providing \$5 million USD to support the over 1 million refugees who have been forced to flee Ukraine into border countries, and people in Ukraine are desperately in need of food and shelter. The gift will be split evenly between –

- International Rescue Committee (IRC)
- International Federation of Red Cross and Red Crescent

In addition, our crisis management teams are coordinating product donations via trusted global partners. Currently, donations include hygiene kits, health packs, and medical supplies.

How Retirees Can Donate

As with any crisis situation throughout the world, we strongly encourage our employees and retirees who wish to take action in response to this crisis to select one of our trusted nongovernmental partners listed below.

As in all disasters, cash donations are most effective to enable our trusted nongovernmental partners to respond to dynamic assessments of needs and conditions.

Trusted global nongovernmental partners

(In the U.S., donations by retirees to these partners are matched \$1 to \$1 by Johnson & Johnson. Matching via <https://matchinggifts.jnj.com>):

GlobalGiving Ukraine Crisis Relief Fund

A GlobalGiving platform for J&J is now available to support humanitarian assistance in impacted communities in Ukraine and surrounding regions where Ukrainian refugees have fled. GlobalGiving's local partners are bringing relief to terrified and displaced communities, and they need resources to continue their life-saving work providing shelter, food, clean water and psychosocial support for refugees. Giving to this cause will be matched by J&J \$1:\$1. [Donate here](#).
